

Digital Announcer With Integrated CD Autoloader DWX 8000 IH

Features

Digital flash memory design retains content even during power loss... Unit ships with a generic starter message.

CD Autoload - drop in a CD, close the lid, and the track is automatically recorded into memory.

Sound Quality - The DWX 8000 IH utilizes ISD Chipcorder™ technology, chosen for its superior sound quality.

LCD Control Panel - displays program length, time remaining in memory, and system status.

Built-In Monitor Speaker - allows user to monitor the program with the flip of a switch.

Wall Mountable - The DWX 8000 IH may operate in a horizontal or vertical position.
